- Please register your student through the “Player Registration” tab and then “Teen” by **October 10th** if you have not already done so, even if you are just trying it out. It’s free!
- I communicate information to parents through the website (not handouts). When I post, it will automatically email you at the email address you gave when registering your student.
- All events, practice dates, and times are posted to the calendar on the “events” tab. Click on the calendar event to open it and see more details about it.
